

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Thread the loop (B) onto the protruding nipple at the top of the fixture body (A).
4. Remove the finials (E), flat washers (D), lock balls (C) from the fixture body (A).
5. Carefully place glass panel (F) to the frame, fixing with clip of the frame as shown in the diagram. After installing the glass panel (F) on both sides, pass the finials(E) through the holes in the frame. Place the flat washers (D) onto the nipple of the finials(E), securing with lock balls (C).
6. Refer to the additional installation instructions included with the product for wiring and installation.
7. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
8. Restore power to the installation point and retain this sheet for future reference.
